

Women of Distinction Passport

20 Women Who Made a Lasting Impression on Atlanta

about this tour

This tour celebrates women who have made a lasting impression on Atlanta. You may not recognize all of their names, but you will be inspired by all of their stories. The one thing they all have in common is that you can "connect" with them if you know where to go and what to look for. Your mission, if you choose to accept it, is to make those connections by visiting the various buildings, monuments and historical sites that bear their names. This PASSPORT was designed to help you accomplish that mission. You will have to get off the beaten path to connect with some of these ladies, but it will be worth it! Here are some TIPS to help you get the most out of this tour:

- You can use this passport to log your visits to the various sites on this tour
- The 20 stops are listed in order of the women's birth years (same as on the virtual tour)
- Specific instructions on how to get to each location are provided on the virtual tour, which you can access at ATL2020.net/women
- Use the Notes area to log thoughts and observations you want to recall later
- Invite some friends to take this tour as a group event
